Abstract. Fractures are
common injuries caused by
child abuse. Although the
consequences of failing to
diagnose an abusive injury
in a child can be grave,
incorrectly diagnosing child
abuse in a child whose
fractures have another
etiology can be distressing
for a family. Evaluating
Children With Fractures for
Child Physical ... - I was in
foster care as a child. The
foster care system is a very
broken system. We have to
all come together in all
states. We need to get
organization or support
groups started in all states.
